

## **MEMSYST STAGE 17 DEVELOPMENT MASTER PROMPT**

### **Platform Governance, SaaS Operations & Ecosystem Administration Platform (PGSOEAP)**

You are a Chief SaaS Architect, Enterprise Platform Architect, Multi-Tenant Systems Architect, Revenue Operations Architect, and Principal Engineer responsible for building the operational backbone that allows MemSyst itself to function as a commercial SaaS platform.

This stage governs MemSyst as a business.

While previous stages manage tenant organizations, this stage manages:

The MemSyst Platform

The SaaS Business

Tenant Lifecycle

Platform Governance

Platform Revenue

Commercial Operations

Ecosystem Oversight

---

### **STAGE OBJECTIVE**

Build:

#### **Platform Governance, SaaS Operations & Ecosystem Administration Platform**

Purpose:

Provide complete control over:

Tenant Operations

Commercial Management

Platform Policies

Platform Revenue

Subscriptions

Compliance

Platform Health

Ecosystem Governance

---

### **CORE PRINCIPLE**

MemSyst Admins must be able to manage thousands of organizations without accessing tenant operational data unnecessarily.

Platform governance must remain separate from tenant governance.

---

## **MODULE 1**

### **PLATFORM ORGANIZATION REGISTRY**

Purpose:

Maintain master records of all tenant organizations.

---

#### **Features**

Tenant Registry

Tenant Classification

Industry Classification

Tenant Status

Tenant Lifecycle

---

#### **Status**

Lead

Prospect

Trial

Onboarding

Active

Suspended

Inactive

Archived

---

## **MODULE 2**

### **TENANT SUBSCRIPTION MANAGEMENT**

Purpose:

Manage commercial relationships.

---

#### **Features**

Subscription Plans

Billing Plans

Renewals  
Upgrades  
Downgrades  
Suspensions

---

### **Plan Types**

Starter  
Professional  
Enterprise  
Custom  
  
Fully configurable.

---

## **MODULE 3**

### **PLATFORM REVENUE MANAGEMENT**

Purpose:  
  
Track all platform revenue.

---

### **Revenue Sources**

Tenant Subscriptions  
Withdrawal Fees  
Transaction Commissions  
Messaging Markups  
Advertisement Revenue  
Premium Services

---

### **Dashboard**

Monthly Revenue  
Annual Revenue  
Revenue By Tenant  
Revenue By Source  
Growth Trends

---

## **MODULE 4**

## TENANT SUCCESS MANAGEMENT

Purpose:

Track adoption and engagement.

---

### Metrics

Active Members

Platform Usage

Renewals

Engagement

Revenue Generated

---

### Health Scores

Excellent

Healthy

At Risk

Critical

---

## MODULE 5

### PLATFORM POLICY ENGINE

Purpose:

Centralize platform-wide rules.

---

### Configurable Policies

Withdrawal Limits

Messaging Markups

Commissions

Ad Pricing

Storage Limits

Security Policies

---

## MODULE 6

### PLATFORM COMPLIANCE ENGINE

Purpose:

Ensure ecosystem compliance.

---

### **Monitoring**

Financial Compliance

Membership Compliance

Data Compliance

Governance Compliance

---

## **MODULE 7**

### **PLATFORM AUDIT CENTER**

Purpose:

Provide complete platform accountability.

---

### **Scope**

Platform Actions

Tenant Actions

Financial Actions

Administrative Actions

Security Events

---

### **Requirements**

Immutable audit records.

No deletion allowed.

---

## **MODULE 8**

### **TENANT ONBOARDING CENTER**

Purpose:

Standardize tenant onboarding.

---

## **Workflow**

Lead  
Qualification  
Proposal  
Approval  
Provisioning  
Configuration  
Launch

---

## **MODULE 9**

### **PLATFORM CONFIGURATION CENTER**

Purpose:

Manage all global settings.

---

## **Areas**

Finance  
Identity  
Messaging  
Advertising  
Certificates  
Marketplace  
Governance  
AI

---

## **MODULE 10**

### **PLATFORM SUPPORT CENTER**

Purpose:

Manage tenant support operations.

---

## **Features**

Support Tickets  
Escalations  
Knowledge Base

Issue Tracking  
Service Requests

---

## **MODULE 11**

### **ECOSYSTEM DIRECTORY**

Purpose:

Maintain ecosystem visibility.

---

#### **Directory Includes**

Tenants  
Regions  
Branches  
Training Centers  
Partners  
Sponsors

---

## **MODULE 12**

### **PARTNER MANAGEMENT ENGINE**

Purpose:

Manage strategic partnerships.

---

#### **Types**

Sponsors  
Affiliates  
Technology Partners  
Training Partners  
Commercial Partners

---

## **MODULE 13**

### **PLATFORM ADVERTISING OPERATIONS**

Purpose:

Manage Section 28 campaigns.

---

### **Features**

Campaign Approvals  
Ad Inventory  
Revenue Tracking  
Sponsor Management  
Performance Analytics

---

## **MODULE 14**

### **PLATFORM TREASURY CENTER**

Purpose:

Manage real-world funds.

---

### **Features**

Paystack Collections  
Withdrawal Settlements  
Fee Revenue  
Reconciliation  
Treasury Reports

---

## **MODULE 15**

### **ECOSYSTEM ANALYTICS CENTER**

Purpose:

Provide platform-wide intelligence.

---

### **Analytics**

Tenant Growth  
Membership Growth  
Revenue Trends  
Usage Trends

Regional Distribution  
Industry Distribution

---

## **MODULE 16**

### **PLATFORM SECURITY OPERATIONS CENTER**

Purpose:

Monitor platform security.

---

#### **Features**

Threat Monitoring  
Suspicious Activity  
Permission Audits  
Access Reviews  
Security Events

---

## **MODULE 17**

### **DATA GOVERNANCE CENTER**

Purpose:

Manage ecosystem data quality.

---

#### **Features**

Data Retention Policies  
Archiving  
Backups  
Data Quality Monitoring  
Data Recovery

---

## **MODULE 18**

### **ECOSYSTEM HEALTH ENGINE**

Purpose:

Measure overall platform health.

---

## **Metrics**

Active Tenants  
Revenue Health  
Operational Health  
Security Health  
System Health

---

## **MODULE 19**

### **SERVICE LEVEL MANAGEMENT**

Purpose:

Track platform commitments.

---

## **Metrics**

Uptime  
Response Times  
Support Resolution  
Availability  
Performance

---

## **MODULE 20**

### **PLATFORM AUDIT & FORENSICS ENGINE**

Purpose:

Support investigations.

---

## **Features**

Event Reconstruction  
Financial Investigation  
Security Investigation  
Activity Tracing

---

## **DATABASE REQUIREMENTS**

Create entities for:

Subscriptions  
Tenant Plans  
Platform Policies  
Support Tickets  
Partners  
Sponsors  
Revenue Records  
Treasury Records  
Platform Audits  
Compliance Records

---

## **SECURITY REQUIREMENTS**

Enforce:

RBAC  
Platform Isolation  
Tenant Isolation  
Audit Logging  
Policy Controls

---

## **PERFORMANCE REQUIREMENTS**

Support:

10,000+ Organizations  
Millions of Members  
High Revenue Volume  
High Messaging Volume  
High Analytics Workloads

---

## **SUCCESS CRITERIA**

Stage 17 is complete only when:

- ☒ Tenant lifecycle management exists
- ☒ Subscription management exists

- ✓ Platform revenue management exists
  - ✓ Treasury management exists
  - ✓ Partner management exists
  - ✓ Advertising operations exist
  - ✓ Platform policy management exists
  - ✓ Ecosystem analytics exists
  - ✓ Support center exists
  - ✓ Compliance monitoring exists
  - ✓ Security operations exist
  - ✓ Data governance exists
  - ✓ Platform audit center exists
  - ✓ Service-level monitoring exists
  - ✓ MemSyst can operate as a scalable enterprise SaaS business
- 

## **FINAL PURPOSE OF STAGE 17**

Stages 1–16 build the product.

### **Stage 17 builds the company behind the product.**

It provides the governance, operational controls, commercial management, ecosystem oversight, and business infrastructure required for MemSyst to operate thousands of organizations across Ghana, Africa, and eventually global markets.
